DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

Specification

The disclosure is objected to because of the following informalities:

on page 9, line 1, of the substitute specification- "nest" should be --nest(recess)-- to provide proper antecedent basis to the claims. Appropriate correction is required.

Claim Objections

Claim 1 is objected to because of the following informalities:

regarding claim 1, --circular-- needs to be added after "central" in line 8, and, the recitation "the first front positioning plate has a central circular protrusion" in lines 23-24 needs to be deleted since this is repeating lines 7-8. Appropriate correction is required.

Conclusion

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
